FOR ATARI[®]
PERSONAL COMPUTERS

RAMCRAM INSTALLATION INSTRUCTIONS

The RAMCRAM 32K Memory Module is designed for use in both the ATARI 400 and ATARI 800 Personal Computers. When installing in the ATARI 800, follow the instructions provided on the RAMCRAM label. For installation in the ATARI 400, follow the instructions provided below.

1. The RAMCRAM 32K Memory Module will not fit in the ATARI 400 with the protective plastic covers in place. Remove the covers by peeling the label off and removing the two phillips screws on each side of the module.
2. Unplug the power cord from the electrical outlet.
3. Remove any program cartridges installed.
4. With the keyboard facing you, turn the unit over from right to left. The ON/OFF switch should now be on your left side.
5. Remove all the screws holding the case together and separate the case by folding it back and away from you.
6. Next, remove all the screws holding the large metal plate in place. Remove the plate and set aside.
7. You should now be looking at the main computer board (large printed circuit board) and another smaller printed circuit board to the left and lower.
8. Looking at the left underside of the large board you will notice a set of pin connectors that connect the smaller board to the larger board. The keyboard is also connected to the larger board by a ribbon cable -DO NOT ATTEMPT TO DISCONNECT THE RIBBON CABLE.
9. Disconnect the pin connectors by placing your fingers under the large board at the point of connection and gently pulling up.
10. Now you are able to lift the large printed circuit board up and fold it over to the left. The RAM module is now in full view. BEFORE PROCEEDING, NOTICE WHICH WAY THE COMPONENTS ARE FACING ON YOUR RAM MODULE. THE RAMCRAM MODULE MUST BE INSTALLED WITH THE COMPONENTS FACING THE SAME WAY AS THE ORIGINAL MODULE.
11. Remove the original module and insert the RAMCRAM 32K Memory Module.
12. Fold the large printed circuit board back into place and push the pin connector back into place. Replace the metal plate and install all the hold down screws. Fold the case back into place and return all screws.
